1st

Dental College of Chhattisgarh
With B.D.S. & M.D.S. Courses

Sundra, G.E. Road, Rajnandgaon (C.G.) 491441

Run By : Youth Foundation of India

About the college

CDCRI

Alfred Adler has rightly said :

"The only worthwhile achievements of man are those which are socially useful"

With the emergence of Chhattisgarh as a vibrant 26th state of the union, Chhattisgarh Dental College & Research Institute came as a cadeau to the state and the subjects.

Crowned with the glory of being the first dental college of the state, its history dates back to the year 2002. Chhattisgarh Dental College & Research Institute is run by Youth Foundation of India which is a social body of young enthusiasts from various fields dedicated towards the educational development in the state. A team of fourteen avid, arduous and dynamic board of directors toiled day in and day out to realize the dream of bringing up the institute and finally on 7th April 2002 the institute was inaugurated by the hands of the then Chief Minister of Chhattisgarh Shri Ajit Jogi.

Situated amidst sumptuous green fields of Sundra, and stretching across 15 acres of land, the college stands proudly on National Highway No. 6. The main city Rajnandgaon is at a distance of 5 kms. from the college. Rajnandgaon is an important railway station on Howrah-Mumbai route on which superfast trains ply with the nearest airport at Raipur, the capital city of Chhattisgarh, just 60 kms. away. Thus it is well connected by road, train and air routes.

Recognition by Dental Council of India has added another feather to the crown. Institute has also opened around 6 satellite centres in and around Rajnandgaon for the convenience of the village patients.
